Notes for grown-ups

Why this matters

Following a path with a pencil builds control, concentration and the small muscles needed for writing. These mazes get a little longer and trickier as you go.

How to use this book

1. Do one or two pages a day, not the whole book at once.
2. Talk about the pictures before you start each page.
3. Let your child take their time; there is no rush.
4. Praise trying and noticing, not neatness.

Things to say

- "Start at the green dot."
- "Can you find a way through?"
- "What happens if you hit a wall?"

What to look for

- Keeps the pencil on the path
- Plans a route before starting
- Keeps trying after a wrong turn

If it is too hard

Trace the route with a finger first, then use a pencil.

If it is too easy

Ask them to try the maze backwards from the red dot, or to make a maze of their own.

You will need

pencil, crayons

EYFS link

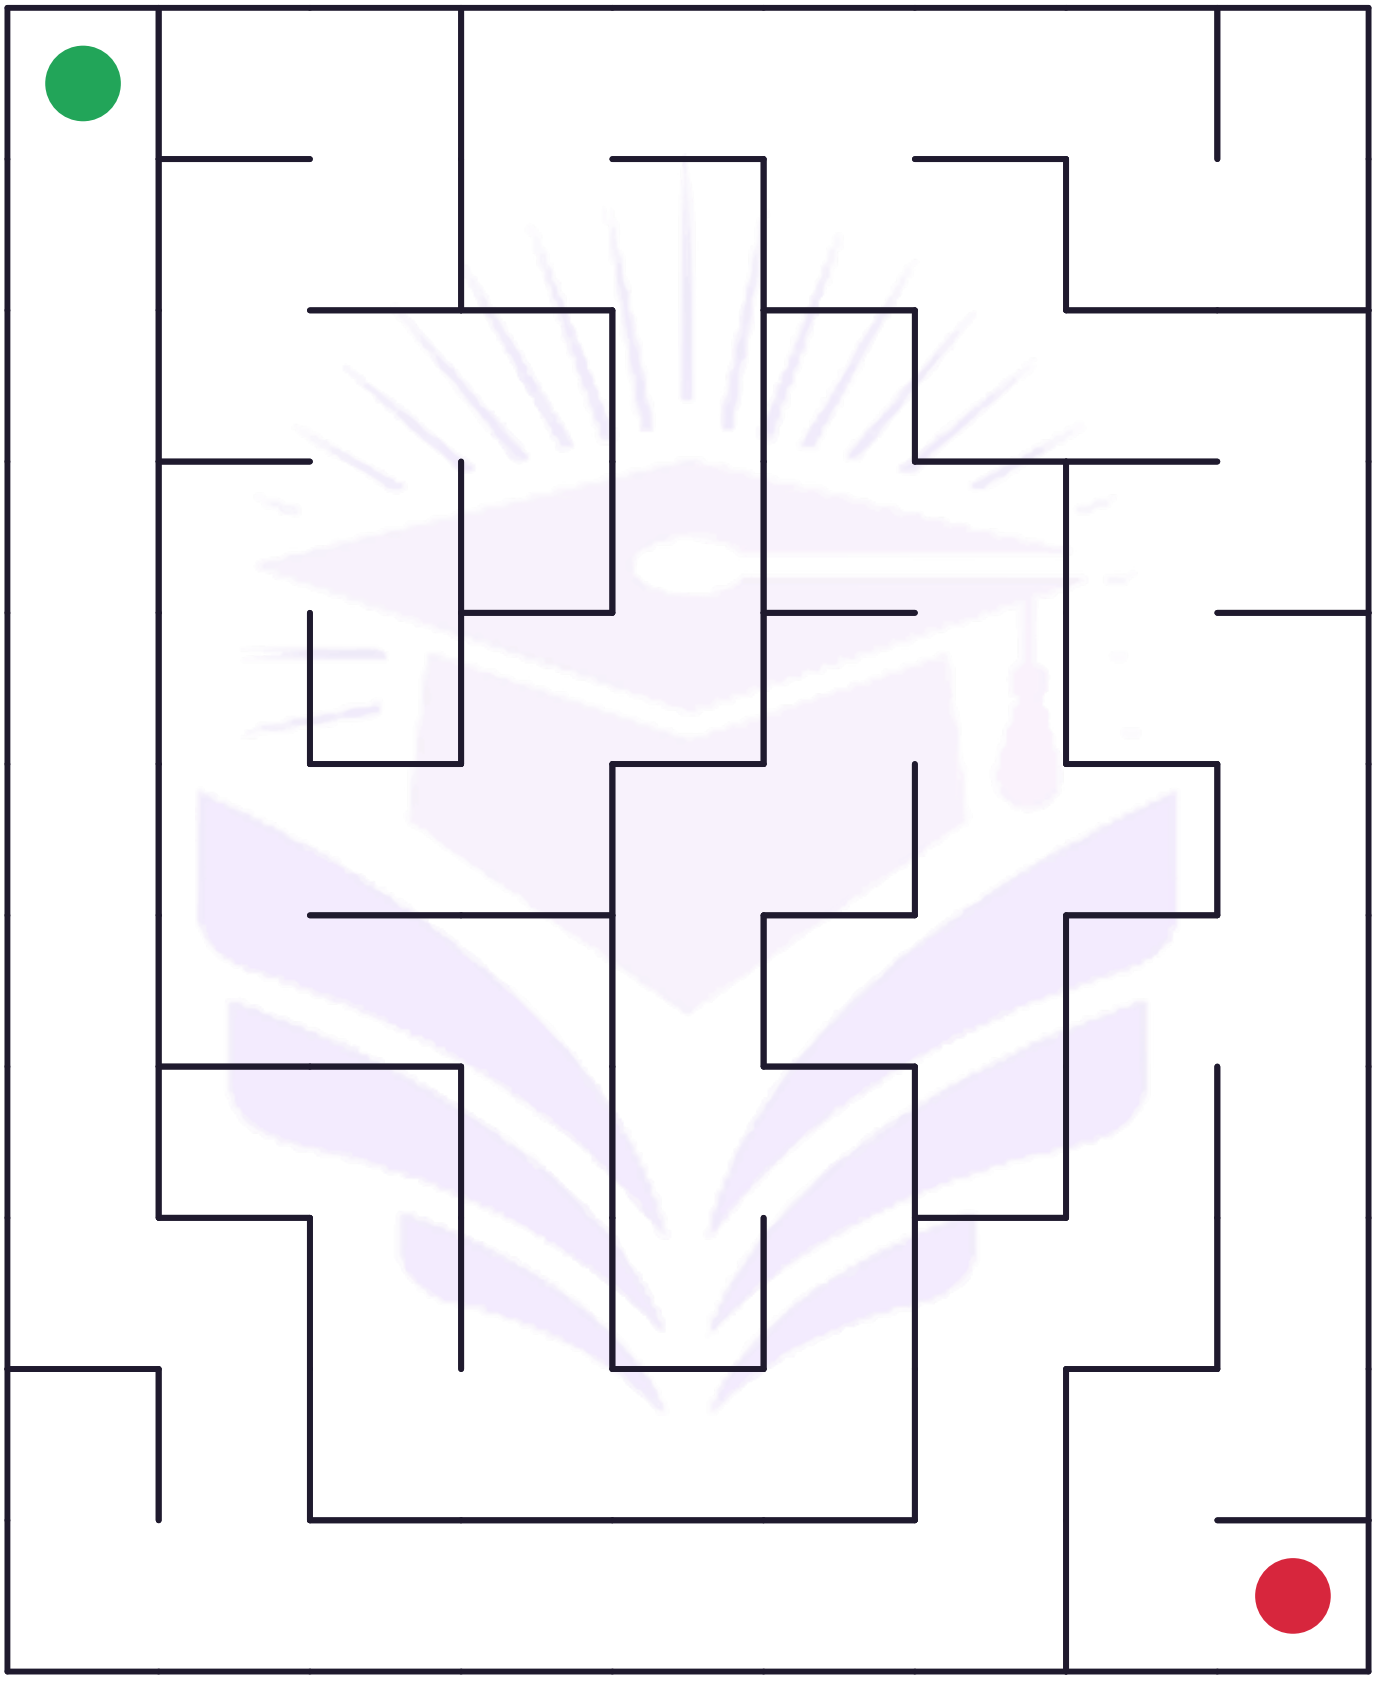

Mathematics (Number / Numerical Patterns): understand numbers to 10 and the composition of each; subitise; compare quantities; explore patterns, shape and measure.
