

Count and Colour

Count and Circle • Count and Write

Counting Practice Activities

Student Details

Name:

Class:

Date:

Teacher:

What children will practice: Counting objects accurately and representing the number by colouring, circling or writing.

How to use:

1. Count and Colour: Count the objects and colour the correct number of them.
2. Count and Circle: Look at the groups and circle the group that has the correct number.
3. Count and Write: Count the objects and write the number in the box.
4. Talk about the numbers as you work.
5. Celebrate every correct count!

Tips:

- Start with smaller numbers (1–5) before larger ones.
- These pages support one-to-one counting and number recognition.
- Great for independent or guided practice.

Activities included:

- Count and colour
- Count and circle
- Count and write
- Mixed counting practice
