What children will practice: Drawing curved lines, wavy lines, zigzags, loops, spirals, arches and bridges.

How to use:

1. Trace the dotted or grey guide lines first.
2. Then try drawing the shapes freehand in the empty spaces.
3. Talk about the movement: up and down for waves, sharp turns for zigzags, round and round for loops and spirals.
4. Encourage smooth, flowing arm movements.

Tips:

- Use a pencil so children can erase and try again.
- Model the stroke slowly.
- Laminate pages for dry-erase practice.
- Celebrate big, confident movements.

Pages included:

- Tracing wavy lines
- Tracing zigzags
- Tracing loops and circles
- Tracing spirals
- Tracing arches and bridges
- Freehand practice
- Mixed patterns
