6 Pieces

What children will practice: Cutting, sequencing and fine motor skills by completing picture puzzles.

How to use:

1. Look at the big picture at the top together.
2. Cut out the numbered pieces carefully along the lines.
3. Arrange the pieces in order (1, 2, 3...) to match the big picture.
4. Stick the pieces into the empty boxes.
5. Talk about the picture as you work.

Tips:

- Start with the 3-piece puzzles.
- Help with cutting if needed.
- Use a glue stick for sticking.
- Celebrate when the picture is complete!

Puzzles included:

- 3-piece puzzles
- 4-piece puzzles
- 6-piece puzzles
- Extra practice

3-Piece Puzzle: House and Tree

Look at the picture. Cut out the pieces and stick them in order.
