What children will practice: Letter recognition, visual discrimination and fine motor skills by finding and circling or colouring specific letters.

How to use:

1. Look at the target letter at the top.
2. Find all the matching letters in the grid.
3. Circle or colour them.
4. Count how many you found.
5. Talk about the letter sound as you search.

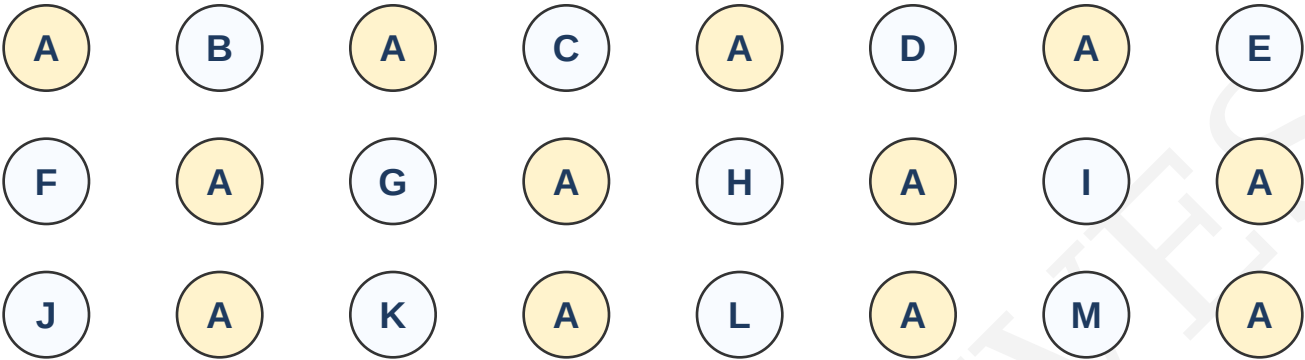

Tips:

- Start with fewer letters for younger children.
- Use a coloured pencil or crayon.
- These pages work well for independent practice.
