What children will practice: Finding and colouring a target number among other numbers.

How to use:

1. Look at the target number.
2. Find all the matching numbers in the grid.
3. Colour the matching numbers.
4. Count how many you found.
5. Celebrate every correct number!

Tips:

- Start with larger numbers before smaller ones.
- These pages support number recognition and visual discrimination.
- Great for independent practice.

Numbers included:

- Find and colour 1, 2, 3, 4, 5
- Find and colour 6, 7, 8, 9, 10
- Extra number practice
