

Instrument Sounds Matching

Match the Instrument to its Sound

Student Details

Name:

Class:

Date:

Teacher:

drum

piano

guitar

What children will practice: Matching musical instruments to the sounds they make, building listening and music awareness.

How to use:

1. Look at the instrument together.
2. Talk about the sound it makes.
3. Draw a line to match the instrument to the sound word.
4. Say the sound together.
5. Listen to real instruments if you have them!

Tips:

- Use these pages with real instruments or recordings.
- Great for music and listening skills.
- Talk about loud and soft sounds.

Instruments included:

- drum, piano, guitar, bell
- triangle, flute, xylophone
- Extra matching practice

Match the Instrument

Draw a line to match the instrument to its sound.

drum

bang

piano

tinkle

guitar

strum

bell

ding
