Teacher:

Animals

Shapes

Fruit

What children will practice: Fine motor skills, hand-eye coordination and concentration by lacing and threading.

How to use:

1. Print the cards and cut them out carefully.
2. Use a hole punch to make holes where the black dots are.
3. Give the child a length of yarn, string or a shoelace.
4. Thread the lace in and out of the holes.
5. Talk about the animal, shape or fruit as they lace.

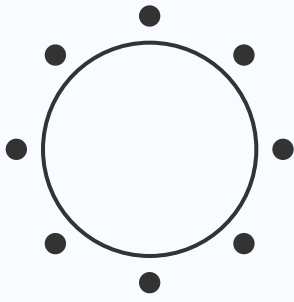

Tips:

- Laminate the cards for longer use.
- Start with larger holes if needed.
- Tie a knot at the end of the lace so it doesn't pull through.
- These cards are great for quiet independent play.

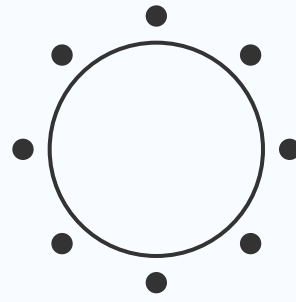

Cards included:

- Animal lacing cards
- Shape lacing cards
- Fruit lacing cards
- Extra practice cards

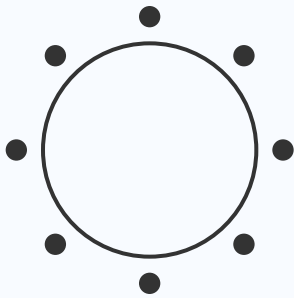

Cat

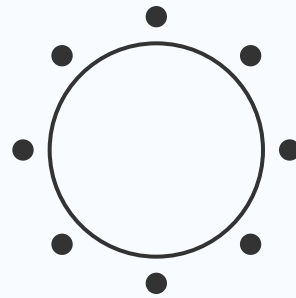

Dog

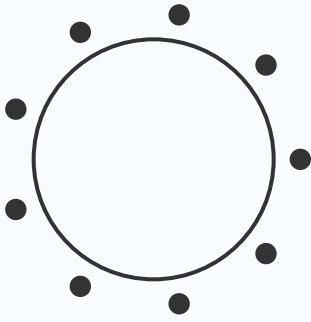

Fish

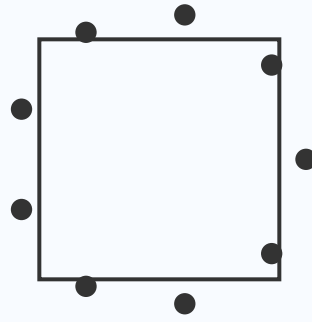

Bird

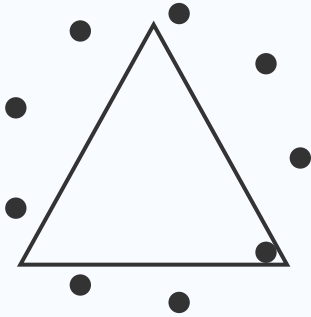

Circle

Square
