What children will practice: Following number mazes and dabbing the target number.

How to use:

1. Number Maze: Follow the path of the target number to get home.
2. Dab the Number: Use a dabber or colour in the matching numbers.
3. Count how many you found.
4. Celebrate every correct path!

Tips:

- Start with larger numbers before smaller ones.
- These pages support number recognition and fine motor skills.
- Great for independent practice.

Activities included:

- Number mazes for 1, 2, 3, 4, 5
- Dab the number for 1, 2, 3, 4, 5
- Extra number practice
