

Rainbow Tracing

Early Years Worksheet Set

Trace Each Arc in a Different Colour

Student Details

Name:

Class:

Date:

Teacher:

Red Orange Yellow Green Blue Purple

How to Use These Worksheets

What children will practice: Tracing curved arcs while learning and using different colours.

How to use:

1. Name the rainbow colours together: red, orange, yellow, green, blue, purple.
2. Trace the innermost arc first in red.
3. Trace each next arc in the next rainbow colour.
4. On some pages the arcs are already lightly coloured to guide the choice.
5. Talk about the colours as they trace.

Tips:

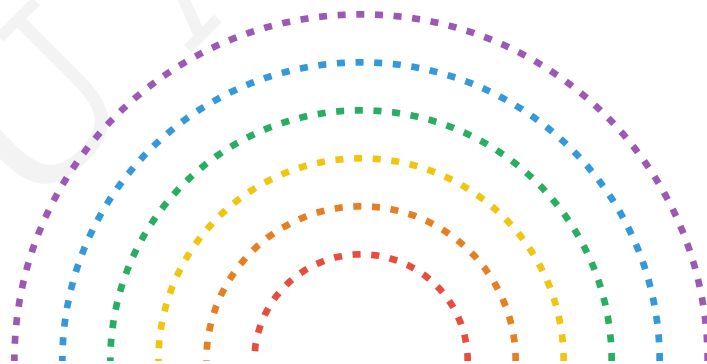

- Use crayons or coloured pencils that match the rainbow order.
- Start in the middle and work outward.
- Encourage smooth, curved movements.
- These pages look beautiful when completed!

Pages included:

- Basic rainbow arcs
- Multiple rainbows
- Guided colour rainbows
- Large practice rainbows
- Free rainbow creation

Trace the Rainbow

Trace each arc in a different colour. Start with red on the inside.

Red

Orange

Yellow

Green

Blue

Purple

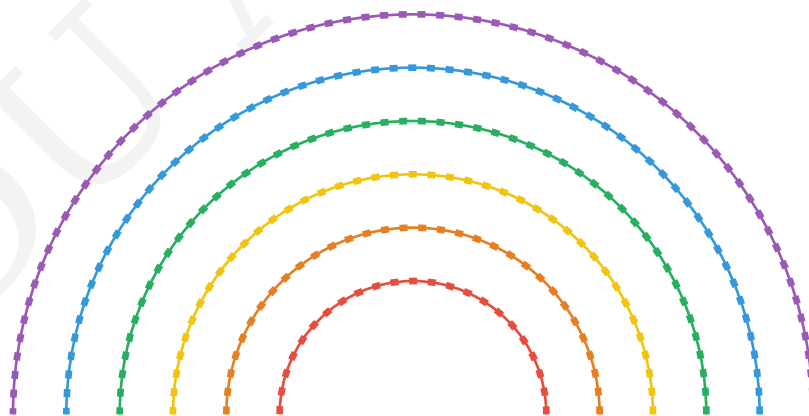

Two Rainbows

Trace both rainbows. Use a different colour for each arc.

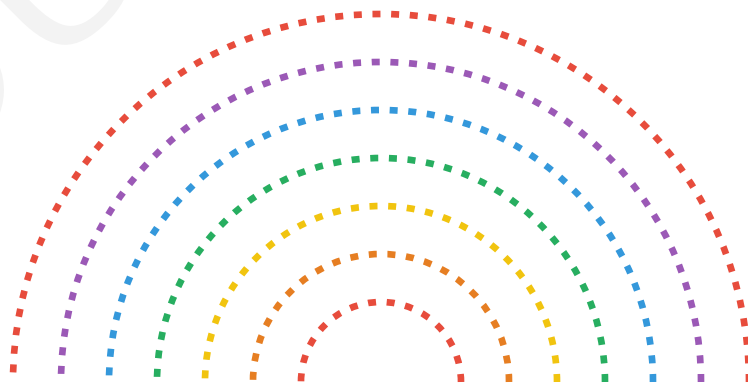

Guided Rainbow Colours

Trace each arc using the colour shown. The dots are already tinted.

Big Rainbow Practice

Trace this large rainbow. Use a different colour for each arc.

Three Little Rainbows

Trace each small rainbow in rainbow colours.

Draw Your Own Rainbow

Draw your own rainbow. Use as many colours as you like.

Draw your rainbow here

Extra Rainbow Practice

Trace these rainbows carefully.
