Square

Triangle

Star

Heart

How to Use These Worksheets

What children will practice: Tracing and recognising basic shapes — circle, square, triangle, rectangle, star, heart, oval and diamond.

How to use:

1. Name the shape together before tracing.
2. Trace the dotted outline carefully with a pencil.
3. Start at the top or a corner and follow the line all the way around.
4. On free-draw pages, try drawing the shape without the guide.
5. Talk about how many sides and corners each shape has.

Tips:

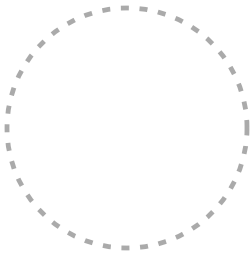

- Use a finger to trace first.
- Model the stroke slowly.
- Praise careful, controlled movements.
- Laminate pages for dry-erase practice.

Shapes included:

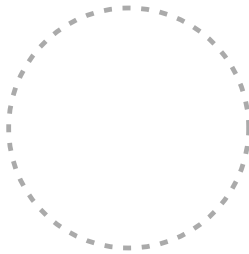

- Circle
- Square
- Triangle
- Rectangle
- Star
- Heart
- Oval
- Diamond

Trace the Circle

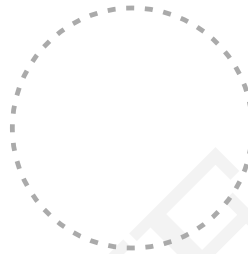

Trace each circle. A circle is perfectly round.

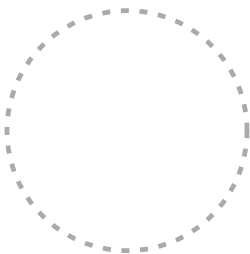

circle

Draw the Shapes Yourself

Draw a circle

Draw a square

Draw a triangle

Draw a rectangle

Draw a star

Draw a heart

Draw an oval

Draw a diamond

Draw any shape

Mixed Shape Practice

Trace these mixed shapes.
